I'm sometimes accused of being hyper, overanimated, and having "grandma like tendencies."

I love music, mid-century furniture, fashion & fabrics (lurex & lamé), junk stores, my kid, my boyfriend and my dogs.

I work for [thespyfm.com](http://thespyfm.com) because they give me the opportunity to showcase Oklahoma's fascinating music history and to promote the musicians, artists, photographers & performers who cater to roots music and vintage lifestyle.

I'm Juke Joint Jenni and **I Spy.**
